

Crane Training Schools Port Coquitlam

Crane Training Schools Port Coquitlam - Our different programs for Mobile Crane Operation are intended for experienced operators who needs certification or re-certification, and for inexperienced individuals who are looking for their very first job as an operator of a crane. Industry demand for crane operators who are certified is high all over the country. Positions for crane operators are high due to their high rates of pay. Crane operators are among the highest paid of any heavy machine operator.

Our Crane Operator training offers instruction for a variety of mobile cranes. Course subject comprises Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling.

The Crane Training School program is suitable for supervisors, operators and riggers. Course materials consist of an informative and manual hand-outs. The illustrated safety guidebook consists of 100 to 250 pages, depending on the course, of useful and vital material. Course materials include load exercises and load charts for the crane with which the individual training is working.

Hands-On Safety Training will take up over half of the course curriculum. The practical training section is the most useful method to developing and improving personal skill levels. Only certified journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of experience in the industry.

For all the course we provide, we could include optional testing mechanisms to customize your training. A test for skills is normally administered for programs that comprise H.O.S.T. People training will be graded and tested.

We offer certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.

As the new business requirements surface, the business standards of practice also change. The business sees constant updates to legislation and regulations, in addition to technology and equipment improvements. Industry data collection and analysis identify changing trends. Members maintain the privilege of managing their training programs and certifications. Mobile device alerts keep members abreast of workplace and personal safety news.
